### INDEPENDENT ACCOUNTANT'S REPORT ON STATE COMPLIANCE, ON INTERNAL CONTROL OVER COMPLIANCE, AND ON SUPPLEMENTARY INFORMATION FOR STATE COMPLIANCE PURPOSES

Legislative Audit Commission State of Illinois Springfield, Illinois

### Compliance

We have examined compliance by the State of Illinois, Office of the Auditor General (Office) with the specified requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the two years ended June 30, 2019. Management of the Office is responsible for compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

### The specified requirements are:

- A. The Office has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Office has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions, or mandatory directions imposed by law upon such obligation, expenditure, receipt, or use.
- C. The Office has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the Office are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate, and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the Office on behalf of the State or held in trust by the Office have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Illinois State Auditing Act (Act), and the *Audit Guide*. Those standards, the Act, and the *Audit Guide* require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with the specified requirements in all material respects. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance with the specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with the specified requirements.

In our opinion, the Office complied with the specified requirements during the two years ended June 30, 2019, in all material respects.

The purpose of this report is solely to describe the scope of our testing and the results of that testing in accordance with the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

### **Internal Control Over Compliance**

Management of the Office is responsible for establishing and maintaining effective internal control over compliance with the specified requirements (internal control).

In planning and performing our examination, we considered the Office's internal control to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Office's compliance with the specified requirements and to test and report on the Office's internal control in accordance with the *Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our examination, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

There were no immaterial findings that have been excluded from this report.

The purpose of this report is solely to describe the scope of our testing of internal control and the results of that testing based on the requirements of the *Audit Guide*. Accordingly, this report is not suitable for any other purpose.

### **Supplementary Information for State Compliance Purposes**

Our examination was conducted for the purpose of forming an opinion on the Office's compliance with the specified requirements. The accompanying supplementary information for the years ended June 30, 2018, and June 30, 2019, in Schedules 1 through 6 and the Analysis of Operations section are presented for purposes of additional analysis. Such information is the responsibility of Office management. We have applied certain limited procedures as prescribed by the *Audit Guide* to the accompanying supplementary information for the years ended June 30, 2018, and June 30, 2019, in Schedules 1 through 6. We have not applied procedures to the accompanying supplementary information for the years ended June 30, 2017, in Schedules 3 through 6 and in the Analysis of Operations Section. We do not express an opinion, a conclusion, nor provide any assurance on the accompanying supplementary information in Schedules 1 through 6 or the Analysis of Operations Section.
